Dear Friends,

We want to express our sincere gratitude to all of our customers for supporting our program through the years. We will continue to do our best to produce quality seedstock that will work for you.

I would also like to extend gratitude to all of our neighbors, friends, and family who have given generously of their time and talent to help in any way possible. I know Jack and Vander would appreciate all that has been done to make this possible. I appreciate all of your friendship to our family.

Sincerely,

*Mardee Reich*

Dear Cattlemen:

On behalf of Reich Angus, we would like to invite you to our 14th Annual Bull Sale and Open House. The last year has been a challenging weather year but moisture is soon to return and when it does cattlemen will be rewarded. Nationally cattle numbers are down and the cattle markets are looking to stay very strong for the next few years.

The bulls in this year's offering are again looking very good. We added two new AI sires, BC Eagle Eye and Connealy Thunder. We think you will appreciate both new sire groups.

The emphasis of our breeding program is to produce females that will have a moderate, mature frame size with the capacity and mothering ability to excel in a tough, Northern Plains environment. A cow on our operation needs to be able to hold her condition while consistently weaning off a heavy calf without the help of a creep-feeder. We place high priority on fertility, udder quality, natural thickness, good disposition and sound structure. These cattle are bred to be problem-free for our commercial customers as well as our own operation. Through intense culling pressure, an extensive AI program and performance testing, our herd continues to improve every year.

The bulls are being developed in a large area on a high roughage ration to ensure long-term soundness. We believe yearling bulls need to be treated like athletes in order for them to stay sound and have the fertility to ensure breeding season success. Our bulls are guaranteed to be breeders and we stand behind them 100%. If you have any problems with one of our bulls, let us know about it so we can work out a solution. We know our success is based on complete customer satisfaction.

We encourage you to visit the ranch and inspect the bulls prior to the sale. If you have any questions about the bulls please call Austin Jensen 701-891-1984.

Sincerely,

*The Reichs*

**Heifer Bulls:** The bulls we recommend to use on heifers are noted next to the pedigrees. This is based on EPDs, personal judgment, birth weight, observation at birth and past experience of the cow or bull. This does not mean you will not have to pull any calves, but hopefully most will come unassisted. As cattle producers, you know what works in your program and may be able to use bulls other than those recommended.

The Thunder calves were born light and came easily. His daughters are perfect uddered, good footed, raise big calves and are extremely fertile. His sons should be excellent heifer bulls that are very docile. We used him again heavily for the upcoming 2013 calf crop.

## **JACK & VANDER REICH**

### **THE RANGE BOSS IN THE SKY**

By Jen Obrigewitch

There's a hole in North Dakota we can't fill; we can't explain.

Our only consolation: Earth's loss is Heaven's gain.

For my idea of Heaven is lush pasture by the mile,  
Where the cows are fat and sassy and all the ranchers wear a smile.

They must've lacked a leader, a man to run the show,  
With a quiet determination most of us will never know.

So God hired our friend Jack to preside over his range.

It devastated all of us; we're not ready for this change.

And Jack would need a ranch hand, one better than the rest,  
So he chose young Vander, who's been groomed to be the best.

On Earth we long to change it, to turn back the hands of time.

But it's not our call to make, and it would really be a crime.

From what I've heard of Heaven, its glory is supreme,  
The likes of which us mortals could never even dream.

Jack and Van know total bliss; they don't feel any sorrow.

To us a reunion is years away, to them it's just tomorrow.

And so we're left to mourn them and try not to wonder why.

We'll learn the reason someday  
from the Range Boss in the Sky.
